

DIFFERENCES BETWEEN ORIGINAL AND FAKE

SEAT BELTS SABELT

1. **Brand/ logo** – small black - red („annual“) logo is no more in use for **15 years**

2. **Stitchings pattern** – original is just with **one** crossing – look at the pictures

3. **Buckle** – after unfastening of all harnesses points, stay **ORIGINAL** fasten on **lower harnesses, i.e. 5. a 6. point** (by **FAKE** stay on sideways point)

4. Colour of the buckle:

- by the streak BASIC – iron with black plastic shield
- by the streak STEEL – aluminium, whole silver (combination of aluminium and plastic shield **is no more produced since 2012!**)

5. **FIA hologram** – always on one of the **shoulder harnesses**, valid for harnesses produced since 1/1 2013, it means:
Belts valid **until end of the year 2017 DON'T HAVE** a hologram. Belts valid **at least until end of the year 2018 MUST HAVE** a hologram.
